PVC TELEPHONE DUCT

National PVC TELE-DUCT is manufactured from virgin PVC compounds with a cell class of 12454-B as determined by ASTM D-1784. The materials used and methods of manufacturing, testing, handling, and shipping, shall be such as to insure a quality finished product.

Note: This TELE-DUCT comes with an extra deep integral bell socket and is suitable for either direct burial or concrete encasement.

Meets the requirements of CAO 8546.
